

BMW DETAILING CHECKLIST: KEEP YOUR CAR LOOKING NEW

1

Exterior Wash

- Two-Bucket Method** : Use one bucket for soapy water and another for rinsing to avoid scratching the paint.
- BMW-Approved Products**: Use shampoos and cleaning agents specifically designed for BMW finishes.

2

Paint Protection

- Clay Bar Treatment**: Remove contaminants from the paint surface with a clay bar.
- Polishing**: Use a high-quality polish to remove minor scratches and restore shine.
- Waxing**: Apply a coat of wax to protect the paint and enhance the glossy finish.

3

Wheel and Tire Care

- Wheel Cleaner**: Use a BMW-approved wheel cleaner to remove brake dust and grime.
- Tire Dressing**: Apply tire dressing to keep the rubber looking fresh and prevent cracking.

4

Glass and Windows

- Streak-Free Cleaner**: Use a streak-free glass cleaner to ensure clear visibility.
- Rain Repellent**: Apply a rain repellent for improved visibility during wet conditions.

5

Interior Cleaning

- Vacuuming**: Thoroughly vacuum the seats, carpets, and mats.
- Leather Care**: Use BMW-recommended leather cleaners and conditioners to keep the upholstery soft and supple.
- Dashboard and Trim**: Clean and protect the dashboard and trim with appropriate cleaners and protectants.

6

Interior Protection

- Floor Mats**: Use all-weather floor mats to protect the carpets from dirt and moisture.
- Seat Covers**: Consider using seat covers to protect the upholstery from spills and stains.

7

Engine Bay Cleaning

- Degreasing**: Use a mild degreaser to clean the engine bay without damaging components.
- Protective Coating**: Apply a protective coating to metal parts to prevent corrosion.

8

Detailing the Trunk

- Organize and Clean**: Remove any clutter and clean the trunk area, including the spare tire compartment.
- Carpet Protection**: Use a trunk liner to protect the carpet from spills and dirt.

9

Finishing Touches

- Air Freshener**: Use a high-quality air freshener to keep the interior smelling fresh.
- Final Inspection**: Do a final walk-around to ensure every part of your BMW is spotless and protected.
